600 Wolske Bay Rd, Menomonie, WI

Grassroots Empowerment Project and Chippewa Valley EXPO Cordially Invite You to:

A Community Conversation: Reentry and Recovery Peer Support after Incarceration, Homelessness, or Inpatient Treatment

Come join fellow community members in a conversation about how it would look to have individuals returning to the community from jail, homelessness, or inpatient treatment be supported by peers who have been through those very same obstacles. We are seeking input from stakeholders of all types; including, but not limited to, criminal justice and substance use professionals, mental health workers, family members of those who have been impacted, and of course people with first hand lived experience to identify reentry needs specific to our community. This event is open to the public and anyone with an interest in reentry is encouraged to join.

We will be discussing issues specific to Dunn County and using your input to develop our Reentry Peer Support training curriculum.

This event is free to the public, but space is limited so please RSVP

First Come, First Served
